

Dear parents/carers,

We are excited to invite you to our upcoming 'parent-child online safety learning event'. The event aims to encourage thinking around children and their relationships with online technologies, including social media and mobile apps, whilst highlighting the increasing risks posed to children by the online and digital world. The event will consist of a presentation by Mathew Jones, Lead Officer for Digital Learning and will provide an opportunity to talk to your child about online safety responsibilities.

Here are the details:

Date: Thursday March 12th 2026

Time: 2.30pm

Location: Cwmfelin Primary school hall

Here is the agenda:

The parent/carer online safety learning session will cover:

- Mobile apps children are commonly using.
- Mobile apps to be aware of and those that pose risks.
- Mobile app age-restriction settings.
- The risks of under-aged children using social media and video games
- How to report and remove harmful content.
- Family agreements for our devices and our time spent online.

We would be grateful for your attendance as this will give you an opportunity to ask questions about online safety and issues that you are facing at home.

To confirm our attendance, please complete the form via the link below:
