Curriculum

Medium term inquiry overviews are available to view throughout the year on our website.

We teach through an inquiry-based learning approach which encourages children to be curious, ask questions, investigate ideas, and discover answers through hands-on learning. Rather than simply being told information, pupils actively explore topics, solve problems, and develop important skills such as critical thinking, creativity, communication, and independence.

This approach helps children become motivated, confident learners who take ownership of their learning.

Family Engagement

Throughout the year there will be opportunities for you parents and families to come in.

We will hold at least one showcase during the year, giving you the opportunity to come into school, see your child's learning and celebrate their achievements with them.

What does my child need to bring to school?

1. A labelled water bottle
2. A healthy snack
3. A packed lunch (if needed)
4. My reading book (returned every Wednesday)

Please ensure all belongings are clearly labelled

Healthy Schools

Cwmfelin promotes the children's right to be healthy.

Please take a look at our Food and Fitness policy to familiarise yourself with our school expectations.

Children **must** bring a plastic bottle to school to access fresh water throughout the day. Squash, flavoured water or other drinks are not permitted.

Please provide a healthy snack (fruit or vegetables) which the children will be encouraged to eat mid morning.

Milk is also provided daily.

School Meals

School Dinner is free for pupils. The school dinner menu can be viewed on the Cwmfelin Primary School website.

Pupils receive a main meal, dessert and a cold drink.

The menus are on a three-week rotation.

GOING GLOBAL

What events have shaped the history of the World?

We are becoming History Detectives! We will explore amazing events from the past, find out how they changed the world and how they still influence our lives today. Then we will decide... If future generations could only learn about **ONE** event, which event should it be?
